

Econobox™

A value one and two-bank illuminator designed for alternative care markets.

PerfectView® is a leading manufacturer of light boxes for medical imaging professionals. The Econobox offers a cost-effective option for the niche industry care provider. Featuring a slim metal wrapper, the Econobox is designed to allow side-by-side mounting with minimal ledge breaks. This viewbox is ideal for private practice locations, offering an economical solution for the cost conscious professional.

Features and Benefits

- Two 15 watt daylight lamps per viewing area
- UL and CUL Approved
- Instant start, low leakage magnetic ballast
- Two-way rocker on/off switch
- Ribbed ventilation area
- Slim metal wrapper eliminates ledge breaks for side by-side mounting
- Protruded film ledge allows additional viewing space
- Removable plexiglas® panel – no tools required!
- Customized cord mounting (bottom left or right corner)
